****领域之一：教育

**参考观点

Benefits of education

Education gives people **knowledge and skills**.
People with **qualification** are more likely to **find work**.
They can earn a higher **salary**.
They can **contribute** positively to society.
Schools aim to teach young people **moral values** such as tolerance and sharing.
Schools prepare children to be **members of a society**.

**参考观点

Benefits of Studying Abroad

Foreign institutions may offer **better courses**.
Many students want to attend a **prestigious university**.
The best universities employ **teachers** who are **experts** in their fields.
Qualifications gained abroad can open the door to better **job opportunities**.
Living abroad can **broaden students' horizons**.
Overseas students are exposed to different **cultures and customs**.
They become more **independent**.
They are **responsible** for cooking, cleaning and paying bills.
They will learn a **foreign language**.

Drawback of studying abroad

Living and studying abroad can be **difficult**.
Students have problems with **paperwork** such as visa applications.
The **language barrier** can be a problem.
Students have to find **accommodation** and pay **bills**.
Studying and living in a foreign country is challenging.
Living alone in an **unfamiliar culture** can cause **homesickness**.

Technology in Education: Advantages

Technology is a **powerful tool** to engage students.
Technology can make lessons much more **interesting**.
Students can do **research** using online resources.
Students can study at **their own pace**.
Adults can take **distance learning courses**.
Students can study **whenever and wherever** they want.
Students also learn **skills** which are **useful** for their future **jobs**.
For example, they learn to write reports using a word processor.

Technology in Education: Disadvantages

People **rely too much** on computers.
Young learners do **not** become **proficient** in some basic skills.
They use word processors and **spelling** may suffer.
People should be able to write a letter by hand.
Technology is no substitute for a **real teacher**.

Learners need a **structured course**.
An experienced **teacher knows** what materials to choose.
Computers are **expensive** to maintain and can be **unreliable**.

Technology in Education: Opinion
Institutions should supplement **traditional teaching** with the **use of technology**.
Technology is **part of everyday life**.
It can **enhance** a teacher's lessons.
Students can use **online resources** to help with homework.
Students must still learn to **write by hand**.
They should still use **traditional sources of information** such as books.

Bad behavior in schools: causes
Bad behavior is due to a **lack of structure and discipline**.
There are **too many children** in some classes.
Large classes are **difficult to manage**.
Many disruptive students come from an unstable **family background**.
Other parents are **too lenient** and **spoil** their children.
Some children are **used to getting whatever they want**.
Schools can do very little if they are **not supported by parents**.

Bad behavior in schools: solutions
Schools need a **clear code of conduct**.
Schools need a clear **set of rules** about behavior.
They need to create a positive working **atmosphere**.
Teachers must have the power to **punish** disruptive students.
Schools should **remove** difficult children from lessons.
Schools need to work closely with **parents**.
Discipline could be lacking at home.
Parents must **support** the school rules.
They should take **responsibility** for their children's behavior.

Corporal Punishment (体罚): Opinion
Corporal Punishment is not a good idea.
Physical punishment is a way of **controlling** children **using fear**.
This does not **promote trust** between adults and children.
Children who are punished physically may become **shy or resentful**.
Corporal punishment creates an **atmosphere** of **fear and anger**.

****参考观点**

Education in Developing countries: Problems
Children often have to work **from an early age**.
There are **no schools** in many areas.
Families **do not have access to books or computers**.
Literacy rates are often low.
People in developing countries **need knowledge and skills**.

Education is the **key to improving** the economy of these countries.

Education in developing countries: solutions
Developed countries could help developing nations by **providing money**.
They could **invest in schools and technology**.
They could supply the funds to **build schools and pay for teachers**.
Children need to have access to **free schooling**.
Computer equipment **could be donated**.
The Internet can expose students to **a world of knowledge and information**.
Governments should make education **compulsory for all children**.
They should encourage parents to **send their children to school**.
Governments of developed and developing countries must **work together**.

Higher education: Advantages (also see "benefits of education")
There are **many benefits** of going to university.
A degree can open the door to **better employment prospects**.
Economies are becoming increasingly **knowledge-based**.
Most jobs require **specific knowledge and skills**.
Skilled workers are needed for sectors such as information technology and engineering.
Repetitive manual jobs are now done **by machine**.
Many **factories** have **moved** to developing countries.

Higher education: Disadvantages
A healthy economy needs **a wide range of workers**.
Some **manual workers** will always be **needed**.
A university degree is **not necessary** for many service professions.
Practical (vocational) training is **more important** in some industries.
In the UK, for example, there is currently **a shortage of plumbers**.
Their services are therefore becoming **more and more expensive**.

****领域之二：家庭

**参考观点

Family size

Families in many countries are **not as large** as they used to be.
We tend to live in **small families** rather than large **extended families**.
Parents tend to have **fewer children**.
Young children are **no longer expected to work**.
Nowadays **both parents** often **work.**
It **costs so much** to bring children up.
It is more **difficult to raise** a large family.

Working parents (also see "gender" topic)

Children and their parents seem to be **less close** nowadays.
Parents spend **less time** with their children.
Women **traditionally stayed at home** to **cook**, **clean** and **look after** children.
Nowadays both parents often **work full time**.
Children may be **left alone**, or with **nannies or babysitters**.
Busy parents have **less contact** with their children.
Many families **no longer eat meals together**.
Children spend **more time with friends or surfing the Internet**.

Negative effects on Children

The **lack of closeness** in families can have a negative effect on children.
Many parents **have no idea** how their children spend their time.
Friends, television and the Internet become the **main influence** on **children's behavior**.
Teenagers are influenced by **peer pressure**.
Some of them **join gangs**.
Juvenile delinquency is on the increase.
Parents should be more **involved with** their **children's upbringing**.
Young people need **positive role models**.

Divorce

In the past, divorce was **unacceptable**.
It was considered to be **embarrassing** for a family.
People stayed together for **religious or family reasons**.
Divorce is **more socially acceptable** nowadays.
It has become **much more common**.
Divorce can be **extremely stressful**.
Lone parents may face **financial difficulties**.
Many single parents have to **rely on benefits** paid by the state.
Divorce can have a **negative effect on children**.
Children from **single-parent families** are more likely to get **lower grades** or **drop out** of school.
The rise in divorce rates may be connected to some **social problems**.

****领域之三：科技

**参考观点

Positives of television

Watching television is a good way to **relax**.
It is many people's favorite way to **wind down** after a hard day at work.
Television programs can be **entertaining** and **enjoyable**.
Viewers have **access to** a huge variety of entertainment **channels**.
Television brings the best **comedians, musicians and actors** into our homes.
Programs can also be **informative** and **educational**.
News coverage makes the public aware of events around the world.
Documentaries can make learning more interesting.

Negatives of Television

Television is having a **negative impact** on society.
Some people link **violence on television** with crime rates in the real world.
Children **copy the behavior** they see on the screen.
Children are **less healthy** because they spend less time playing.
Advertisers direct their **marketing at children**.
Most programs do **not** require **much thought**.
Watching TV is **a waste of time**.

Opinions about Television

Television has many **benefits**.
However, it can be **addictive**.
Children **should play outside** rather than sit in front of a screen all day.
Behaviour shown on TV can **influence** people.
Parents should **choose carefully** what their children watch.
Children **should not be exposed** to violence, swearing or sexual images.
Advertising during children's programs should be **strictly controlled**.
TV companies should make **more positive, educational programs**.

Positives of the Internet

There are many **advantages** to using the Internet.
It gives us **instant access to information** on almost any subject.
Shops and other services are now **available online**.
People can **buy goods and services from** the comfort of their **homes**.
The Internet is starting to **replace other forms of entertainment**.
It has **revolutionized communication**.
We can **keep in touch** by email or instant messenger services.
Video messaging is becoming common for business meetings.

Negatives of the internet

Many websites contain **offensive content**.
Some sites show **violent or sexual images**.
Parents find it **difficult to control** what their children see online.
They **do not always know** who their children are chatting to.
With so many websites it is **difficult to search** for good information.
Criminals increasingly **use the Internet to steal** people's money.

Social media on the internet could be used as **a means of cyber-bullying**.

Internet compared to newspaper and books
Newspapers and books are now **published online** as well as in print.
We can read the news in **any language** from **any country** in the world.
It **costs nothing** to publish or access information on the Internet.
The Internet allows **anybody to publish** their own writing.
Newspaper articles and books are written by **professionals**.
Professionals produce **better quality** writing than amateur.
People still buy newspapers and books because they are **portable**.
People do not like **reading from a screen**.

Positives of Mobile Phones
The mobile phone is **the most popular gadget** in today's world.
Mobile phones have **revolutionized the way we communicate**.
We can **stay in touch** with family, friends and colleagues wherever we are.
Users can send **text messages**, **surf the Internet**, **take photos and listen to music**.
Mobile phones have also become **fashion accessories**.

Negatives of Mobile Phones
Mobiles phones **can be a problem** in some public places.
Ringing phones **cause disturbance** in cinemas and school lessons.
Some people are not aware that others can **hear their conversations**.
Mobile phones may also **interfere with electronic equipment**.
Their waves could cause **damage to our brains**.
Mobile phones can also be a **dangerous distraction**.
Using a phone while driving reduces the driver's concentration.
Mobile phones are a **popular target for thieves**.

Opinion about Mobile Phones
The benefits of mobile phones **outweigh** the drawbacks.
We need to **use** these phones **with care**.

****领域之四：政府&公司

参考观点

What governments can do

Governments provide public services like healthcare and education.
They **support** people who are living in **poverty** or **unable to work**.
Governments raise money by **taxing working people**.
They can spend money on **resources and campaigns**.
They can **introduce new laws**.
They can **impose taxes**.
They can **raise people's awareness of issues** (e.g climate change/healthy eating).
They can **influence** people's habits and opinions.
They can **create jobs**.
They can **regulate the activities** of companies such as banks.
They can **provide resources** for schools.
They are also **responsible for the security and well-being** of their citizens.
They **control** armed forces and police forces.

Public services

Governments pay the salaries of public sector workers like police officers and teachers.
The necessary money is raised by **taxing people's income**.
Free education and healthcare may be provided by the state.
Some **governments control** public transport systems and even TV channels.
In other countries, these services are provided by **private companies**.
Some people believe that **competition** between private companies is good.
It helps to **improve quality** while bringing **prices down**.
Other people think that **essential services** should be free.
Governments should pay for them.

****领域之五：经济发展和城市化

**参考观点

Reasons for Urbanization

People move to **cities** in search of **job opportunities**.
Cities offer **greater employment possibilities** and a **higher standard of living**.
People **migrate to cities** from the countryside.
Traditional activities like farming **need fewer workers** nowadays.

Negatives of City Life

Life in cities has its **drawbacks**.
The **cost of living** is **higher** than that in rural areas.
Some people do **not manage to find work**.
Housing is usually much **more expensive**.
Homelessness and poverty are **common** in cities.
There is an increasing **gap between the rich and the poor**.
Life in cities can be **extremely stressful**.
There are **problems** like traffic congestion and crime.
Cities lack **a sense of community**.
People do **not even know their neighbor**.
Cities are sometimes described as "**concrete jungles**".

Pedestrian Areas

Pedestrian zones in city centre can improve the local environment.
Banning cars encourages people to walk or cycle more.
Many European cities have built **bicycle lanes**.
Dependence on cars is linked to **health problems** like obesity.
People who walk or cycle regularly are generally **healthier**.
Pedestrian areas are **safer and more attractive** for both residents and tourists.

State/council housing

In some countries the government provides **state or public housing**.
This helps people who **cannot afford to buy their own house**.
It can be argued that public housing creates **dependence on the government**.
People **should not rely** on the government to look after them.
People have **no incentive** to earn money and buy their own home.
Council properties are often made with **cheap, poor-quality materials**.

Old Buildings

Historic buildings are part of **a country's heritage**.
They should be **protected**.
Old buildings are often considered to be **works of art**.
They give **character** to cities and attract tourists.
They show us how people lived **in the past**.
We **identify** countries **by architectural symbols** like the Great Wall in China, and the pyramids in Egypt.
Governments should spend money on **looking after historic buildings**.
They need regular **repairs and maintenance**.
New buildings should **be designed to complement** them.

Modern/green buildings

Modern buildings should be designed to be **environmentally friendly**.
They should **use less energy and produce less waste**.
Modern insulation can make houses more energy-efficient.
Solar and wind power can be used to generate electricity.
Rainwater and waste water can be **recycled** and used to flush toilets.
Modern glass buildings can take advantage of **natural light**.

****领域之六：旅游

**参考观点

Positives of Tourism

Tourism is a popular **leisure activity**.
People go on holiday to **relax and have fun**.
Tourists can experience **different cultures**.
They can **sunbathe** on beaches or go **sight-seeing**.
Travelling abroad **opens our minds**.
We can learn to speak other **languages**.
The **tourist trade** is **vital** for some economies.
It **creates employment** in services like accommodation, transport and entertainment.
Some areas **rely** on **tourism** for their **income**.
Tourists **spend money** on goods and services.
Tourism **attracts investment** from multi-national companies.
It helps to improve **the standard of living**.
Low-cost airlines are making it **cheaper** to travel abroad.

Negative effects of tourism

Tourism can have a **negative effect** on the **natural environment**.
The building of facilities and infrastructure can **destroy** the habitat of wild animals.
Beautiful beaches are **spoilt** by the building of hotels.
Tourism creates **pollution and waste**.
It puts **pressure** on **local resources**.
Local traditions and cultures may be **endangered**.
A rise in the **cost of living** affects local people.
The price of goods, services and housing may **increase** significantly.

The future of tourism

Government should introduce laws to **protect** natural environments and local cultures.
Tourism should have a **low impact** on wildlife.
Renewable resources like solar or water power should be used.
More waste should be **recycled**.
Local businesses such as farms should be **supported**.

****领域之七：出行

**参考观点

Traffic problems

Traffic congestion is caused by **commuters** travelling to work.
Most people live in the **suburbs** outside city centre.
Commuters tend to **travel at the same time** of the day because of similar work schedule.
They tend to **travel alone** in their own cars.
Cars and road space are **not used efficiently**.
This **causes traffic jams** during the rush hour.

Traffic solutions

In order to reduce traffic we should change our **working habits**.
The internet can now be used to **connect people**.
More people could **work from home** thanks to the internet.
Meetings can be held as **video conferences**.
Workers could be given **flexible timetables**.
Another solution would be to **tax drivers**.
Workers should **share** their cars and travel together.
In London, for example, there is a **congestion charge**.
This helps to raise money for **better public transport**.
Public transport needs to be **reliable and efficient**.

Positives of Public transport

We need to **reduce our dependence** on cars.
Parking a car can be extremely difficult in big cities.
Well-designed transport systems are **comfortable and convenient**.
Modern public transport can be **fast and cheap**.
Public transport can help to **reduce pollution** in cities.
Investment in buses and trains will **ease traffic congestion**.
Buses can be given **special lanes** to avoid traffic, especially during rush hour.

Negatives of public transport

Public transport is often **slow and unreliable**.
Metro systems and trains are **often dirty and crowded**, even **dangerous** in some countries.
People feel like "**sardines in a can**".
Cars are much more **comfortable**.

Road safety

Driving while **tired or drunk** is extremely dangerous.
Mobile phones can be a **dangerous distraction** for drivers.
They draw the **driver's attention** away from the road.
The use of phones while driving has been **banned** in many countries.
Punishments are becoming stricter.
Television campaigns are used to **remind** people to drive safely.
Speed cameras have become more common.
Speed bumps are another form of traffic calming.
Many streets are designed with the aim of **slowing traffic down**.

**参考观点

English as an international language

English is **widely used** around the world.
It is becoming a **global second language**.
It is the **dominant language** of technology, science and international business.
International business meetings are regularly **held in English**.
The most important **textbooks and journals** are published in English.
The ability to speak English is a **necessary skill** in the modern world.

Negative of English as an International Language

If one language is dominant, other languages may **disappear**.
The dominant language brings its own **culture**.
American culture has become popular around the world.
Other cultures may be **damaged**.
As an **alternative** to English, a new global language could be **invented**.
It would have **no nationality or culture** attached to it.
This could help to **promote international peace and understanding**.
Esperanto is an example of a language that was invented with this aim.

****领域之八：购物

**参考观点

Money and Society

Society has become increasingly **materialistic**.
People aspire to earn **more money**.
They want a **bigger house** or a **better car**.
We connect wealth and material possessions with **happiness and success**.
Brands like “Armani” or “Mercedes” are **status symbols**.
Advertising creates **new desires and needs**.
It persuades us to buy **the latest styles**.

Positives of Consumerism

Consumerism **creates employment**.
It helps to **reduce poverty**.
It **encourages innovation** and creativity in business.
We live in a **global economy** .
We have **better quality of life**.

Negatives of Consumerism

Consumerist societies create **more waste**.
They use more **natural resources**.
Consumerism creates a **“throw-away” culture**.
They cause **damage** to the environment.
Advertisers tell us who we are and what we want.
Wealth does **not** lead to **happiness**.
Materialism causes **greed and crime**.
We should return to **traditional values** like sharing.

Positives of Advertising

Advertising is a key part of **modern business**.
Companies need to tell customers about their **products**.
Advertisements **inform us** about the choices we have.
Advertising is a **creative industry** that employs many people.
Without advertising we would have **less choice**.
Without advertising there would be **higher unemployment**.
Advertising is a form of **modern art** and people enjoy adverts.

Negatives of Advertising

Advertising **manipulates** people.
It aims to **persuade** people that buying a product will make them happier.
Advertisers focus on **selling** a brand image.
They use **glamorous, successful people**.
We now live in a **consumer culture**.
We are persuaded to **follow** the latest trend.
We are encouraged to **associate** certain brands **with a higher status**.
Advertisers often **aim** their marketing **at children**.
Children can easily be **influenced** by advertisements.
Children put **pressure on parents** to buy them things.

Opinions about Advertising

Advertising should be **regulated**.
Advertising aimed at children should be **controlled or even banned**.
Unhealthy foods **should not** be marketed in a way that **attracts children**.
Products that can be risk to health should **display warnings**.
In some countries it is **illegal** to advertise **cigarettes** on television.
Warnings must be displayed on **cigarette packets**.
However, advertising is **necessary** in **free market economies**.
It **creates demand** for products.
Governments should only **censor false information** or products that are harmful.

****领域之九：艺术 & 娱乐

**参考观点

Losing traditional skills

Because of industrialization and global trade, many **traditions** have **disappeared**.
Global advertising encourages everyone to buy the same products.
Most products are now **mass-produced** in factories.
Machinery has **replaced** skilled human labour.
Factory work is **boring** and leaves people feeling **unfulfilled**.
Goods are produced very **quickly and in large volumes**.
Products are **cheaper**, which means that more people can buy them.

Examples

Clothes are mass produced in **standard sizes**.
People wear **similar clothes**, rather than traditional costumes.
Jeans and T-shirt are now worn **throughout the world**.
Historic buildings took skilled craftsmen **years to build**.
Modern concrete, steel and glass buildings are built in **only weeks or months**.
There are fewer people who can **create hand-made goods**.

Traditional customs

Traditional customs are **still important** during weddings and religious festivals.
People wear traditional **costumes** and eat special **foods**.
It is important to maintain our **different cultural identities**.
We should **celebrate** festivals, teach traditional skills and protect historic places.

****领域之十：体育

**参考观点

Arguments against Professional/competitive sport

Sport has become a **business**.
Professional sport encourages people to **compete for money**.
Many sports stars are only concerned about **money and fame**.
Some athletes **take drugs** in order to win at any cost.
Competitors are often **selfish and rude**.
They are **not good role models** for children.
All sports should be **amateur**.
Sports should be **leisure activities** rather than jobs.
People should do sporting activities for **enjoyment and health reasons**.
Taking part is more important than winning.

Arguments for Professional sport

Professional sports are the same as any other **business**.
Many people are **employed** in the sports industry.
People should be able to use their talents to **earn a salary**.
Sports stars **entertain** millions of people.
Money is necessary to improve facilities and train athletes.
The level of professional sport **is much higher** than that of amateur sport.

Arguments for Competitive sport

Competition is a **natural instinct** in humans.
In daily life we **compete** to get jobs or the highest grades.
Sports are **a safe form** of competition.
Competition is **healthy** because it pushes us to give our best.
Competitors and fans can **release energy and aggression** through competitive sports.
Supporters of teams feel **a sense of belonging** to a community.

****领域之十一：健康

**参考观点

Diet

The human body requires a **balanced diet**.
An unhealthy diet can cause various **health problems**.
Obesity, diabetes and heart disease are on the increase.
Many people nowadays rely on **fast food or pre-prepared meals**.
These foods often contain too much **fat, salt and sugar**.
They are **cheap** to buy and very **easy** to prepare.
Many young people have **grown up on** a diet of convenience foods.
Populations in developed countries are increasingly **overweight**.

Exercise

Regular exercise is essential in maintaining a healthy body.
Exercise burns calories and helps to build **healthy bones and muscles**.
Doctors **advise** exercising at least three times a week for 20 minutes.
Most people nowadays lead a **sedentary lifestyle**.
We tend to **walk less** and do **desk jobs**.
Most adults relax by **watching television**.
Children play **video games** rather than doing outdoor sports.
In the past, people were **more active** in their jobs and at home.

Government's Role

Governments have a significant role to play in **reducing obesity**.
More and more people, including young children are **seriously overweight**.
They are at risk of **heart disease and diabetes**.
This situation will increase the **burden on hospitals and taxpayers**.
Hospitals rely on the government for **money and resources**.
Governments should **promote** a healthy diet and regular exercise.
There should be **more time for sports** on school timetables.
Unhealthy **junk food** should be banned from school menus.
People need **information** about what foods contain.
Food packaging must show the food's nutritional content.
The Chinese Authorities **recommends** eating 2 portions of fruit and vegetables, 1 portion of protein, and 1 portion of carbohydrate per meal for a healthy adult.

Stress

Modern lifestyles are **increasingly stressful**.
People work **long hours** with **strict deadlines**.
Our busy lifestyles mean we have **less time to relax**.
Unemployment is a major cause of stress.
Children may be affected by their **parents' relationship problems**.
Tests and exams can also cause stress.

How to reduce stress

Stress can be reduced by taking **regular exercise** and eating a **healthy diet**.
It is also important to get **sufficient sleep** and make **leisure time** a priority.
People should work **less overtime** and take **regular holidays**.

Schools have started to employ **psychologists** for students.
They can offer **emotional support** to students.
They can help students to **cope with exam stress**.

Work/Life Balance

It is important to achieve a **balance between work time and leisure or family time**.
Too much work can result in **stress and poor health**.
"Workaholics" may **neglect their families and friends**.
People need to **take regular holidays**.
Companies should **not expect employees to work overtime**.
Nowadays, many people **work part-time** or have **flexible working hours**.
Technology allows people to **work from home**.
Many companies provide **childcare facilities**.
A good work/ life **balance** can **raise job satisfaction**.
Happy, healthy workers are **more productive**.

****领域之十三：意识形态与价值观

****参考观点**

Happiness

Happiness means **different things** to different people.
It can be described as a feeling of **pleasure or enjoyment**.
People enjoy spending time with **family and friends**.
Hobbies, sports and games can be a source of fun and enjoyment.
Some people see **money** as a source of happiness.
Other people define happiness as **something deeper**.
In order to be truly happy it is necessary to **live a good life**.
We need to feel that we are doing something **useful** and **meaningful** with our lives.
Some people get a sense of achievement **from their work**.
Others find happiness in **bringing up their children**.
Religion or **a sense of purpose** can also be a source of happiness.

Success

People define success in **different ways**.
Some people get a sense of achievement from **raising a family**.
For others, success is defined by **wealth or status**.
We often think of **rich and famous people** as being successful in life.
Millionaires like Bill Gates are considered to be successful.
They have risen to **the top** in their chosen professions.
For some, being successful means **achieving personal or professional goals**.
They see success as the result of **hard work**.
Success in any field requires **long-term planning and effort**.
Sometimes success is a **combination** of long-term effort and an opportune moment, namely luck.

****参考观点**

Nature or Nurture

Some people believe that our personalities are determined mainly **by genetics**.
We **inherit** our abilities and talents from our parents.
Others think that our **education** and **upbringing** are more important.
We develop according to the **influences** around us.
Our personalities and achievements depend more on **nurture than nature**.
Many people argue that we **control our own destinies**.
We can **shape** our own personalities.
By **working hard** we can achieve a goal that we put our minds to.
Many successful people are "**self-made**".
We are **not limited** by our genetic characteristic or upbringing.

****参考观点**

Care for Old people

Caring for elderly people was traditionally the **responsibility of families**.
Adults had to look after their elderly parents.
A woman's job was to stay at home taking care of her family.

Nowadays, **fewer elderly people** are looked after by their relatives.
Residential homes provide care for large number of elderly people.
Some families are **unable to look after** elderly relatives.
Families tend to be **smaller** these days, and women often have **full-time jobs**.
Cares homes provide a **professional service** for senior citizens.
Nurses are **better trained** than family members.

Care for Old people: Opinion

The best form of care for the elderly depends on the **family situation**.
It depends on whether family members have **the time resources**.
We all have a **responsibility** towards the older people in our society.
Governments should **invest money** in facilities and training for care workers.
